

DesignWood

ACQ treated wood

"P96"

4x4x96" Post

Characteristics and recommendations

- ▶ Specially selected posts to reduce risk of splitting, cracking and twisting
- ▶ ACQ treated wood for above ground use is mixed with a DesignWood cedar pigmentation approved by Health Canada
- ▶ Designed for railing deck posts and fence posts often exposed to sun and rain
- ▶ Can be cut to desired length
- ▶ Use DW-10-15 matching color from Bois traité S.C. for end cuts
- ▶ After installation and dry to the touch a clear waterproof wood stain should be applied immediately to any treated wood to add protection from cracking and color changing
